Neonatal Nursing Care Handbook, Second Edition: An Evidence-Based Approach To Conditions And Procedures

Synopsis

Neonatal nurses face an ever-changing practice landscape that requires swift decisions and actions. This is an up-to-date, comprehensive, quick reference resource written specifically for neonatal nurses throughout the globe. Designed for speedy information retrieval, it encompasses vital information about commonly encountered conditions and procedures on the neonatal unit. The handbook is written by outstanding neonatal practitioners in accessible language and consistently formatted for ease of use. Illustrations, diagrams and flow charts enhance information, which is divided into sections covering Systems Assessment and Management of Disorders, Special Care Considerations, and Procedures and Diagnostic Tests. Appendices deliver such valuable tools for clinical practice as a list of common abbreviations and pertinent web resources. Also included are downloadable, digital, patient management tools, reusable templates, and quick-reference calculation tools. Key Features: Provides quick-access, current information about common neonatal conditions and procedures Assists neonatal nurses in making sound clinical decisions Written by prominent leaders in the neonatal field Delivers information concisely and clearly for neonatal nursing staff and APs worldwide Enhances content with illustrations, diagrams, and flow charts and digital patient management and calculation tools

Customer Reviews

"I particularly liked the flow of the book allowing, as suggested, a quick reference system for most

common neonatal clinical disorders including the special care neonate [...] I would recommend this textbook for nursing and midwifery libraries globally." - Liz Crathern, Programme Lead, MMedSci Advanced Neonatal Nurse Practitioner, University of Sheffield, Infant Magazine

Carole A. Kenner, PhD, NNP, RN, FAAN, is nationally and internationally renowned for her policy-setting work to establish rights of the neonate, standards for neonatal care, and the reduction of infant mortality worldwide. She is the College of New Jersey's Carol Kuser Loser Dean of the School of Nursing, Health, and Exercise Science, and has held many titles, including Dean/Professor, School of Nursing, and Associate Dean, Bouve College of Health Sciences, at Northeastern University, Boston, MA, and Adjunct Professor, Case Western Reserve University, Cleveland, OH. She also serves as President, Consultants with Confidence, Inc., West Roxbury, MA; Consultant, Excelsior University Online Program, Albany, NY; and Trainer, End-of-Life Nursing Education Consortium in Pediatric Palliative Care (ELNEC), Washington, DC. She has published over 75 peer-reviewed journal articles, 30 books, and at least 80 book chapters. Dr. Kenner has participated as PI, Co-PI or Consultant on nearly 60 research grants. She is a member of four honorary organizations, including the AAN (elected 1994) and many others. Dr. Kenner is a member of numerous review panels, editorial boards, and consultant groups.

Judy Wright Lott, PhD, BC-NNP, RN, FAAN, is Dean, Baylor University School of Nursing (TX) since 2002. She was a Neonatal NP (NNP) 2004-2005; Associate Professor of Nursing and Director of NNP Specialty, at the University of Cincinnati College of Nursing (1996-2002); and Assistant Professor, Neonatal Graduate specialty, University of Florida College of Nursing (1986-1990). She has worked in the clinical setting in various capacities since 1976. From 1992-1996, she was the NNP Service Director/Associate Professor of Nursing (joint appointment) at the Children's Hospital Medical Center, University of Cincinnati College of Nursing, where she also was responsible for the administration of the NNP Service of the Level III NICU (1992-1996); and NNP Coordinator, Carolinas Medical Center, Charlotte, NC, where she was responsible for 12 NNPs. Dr. Lott was inducted into the AAN (2003), the AACN Fuld Leadership for Academic Nursing Program (2003-2004), and Visiting Professor for the Perinatal Society of Australia and New Zealand (2001). She has co-authored three editions of Comprehensive Neonatal Nursing with Dr. Kenner.
