## Customer Reviews

item arrived on time. item was as described.

A great book on Fallout 4 Guide & Game Walkthrough that is wonderful to use

Almost like a dictionary, so much information.

More like having someone you know tell you about their play through than a helpful guide. Locations aren't detailed or described in a helpful way. Really, just more of a chat about the game than a guide.

It does not tell you where are the secret locations are of actually have a map as a reference point. It is definitely worth the small change you pay for it.

Not worth it glad I did not buy the book, lotsa stuff missing should have bought the Bethesda book.

Great Guide! Would recommend for anyone looking for tip/tricks & general help! Sorry so late on my feedback.
