Synopsis

Minecraft's Must-Have Mods!!! Bored with "Vanilla" Minecraft already? Here's what you Get Inside the "30 Extreme Minecraft Mods..." With such a devoted fanbase, it is no surprise that Minecraft has such a large and thriving mod community. Whether the modders are adding new items to the game, increasing its technical output, or just making a few tweaks to already existing textures, there is a little something for everyone out there in this book. Some Mods here stand far above the others! Some are so impressive, that I can't help but introduce them to the Minecraft community. Whether you are a novice miner or a master craftsman, you can't afford not to give this list a glance. I can assure you that at least one of these will make your Minecraft experience more enjoyable. With some of these mods, you may wonder how you ever played Minecraft without them. "Click to LOOK INSIDE" the book to find out more on what you can Discover by Downloading this book! STOP Scratching your head deciding which mod is better, here are the 30 most amazing fan-developed mods for Minecraft. Scroll up and Click the Orange Button Today!

Customer Reviews

If you've explored every cave, grown every crop and have a home in the Nether grander than your main base, you're gonna want this book. Thirty fantastic Minecraft mods will open up new frontiers for you. You can summon the monstrous, legendary humanoid horror Herobrine... mine wood blocks en masse with the Treecapitator... battle fierce, destructive tornadoes and collect 27 other challenges, aids and enhancements to broaden your Minecraft experience and creativity. Complete with graphics, descriptions and links to the mods and more, this book is a Minecraft must have.

I'm always looking for a new Minecraft book for my grandsons. They are really addicted to this game. They quickly looked through it last night and were very excited to try some of the mods they hadn't seen before. If you have young people in your family that play Minecraft pick up this book for them. I'm sure they'll love it.

This is a good book for those who like mods and excitement in Minecraft. It is a really nice book. It has fun mods (the dropper) and scary ones (like Herobrine). Who says Minecraft isn't fun?

Chi Hugh ChuckIt's a grand slam dunk book ever published by Adrian King and his books are the best

This short book is the perfect inspiration. Comes with photos to help, most designs are just changing a block or two, so it's not overly full of ideas. But enough to trigger the muse and create your own.

This was an epic mod guide, and I really liked it! It is the best way to find a mod with some of the best resources in Minecraft. To me this is definitely worth the purchase!!!

This mod guide has some of the most unique and intriguing mods. Gave my game a huge boost. Great compilation of mods and awesome tips... best 3 bucks ever spent!

I would give this a 3 star book because it's not really good on the Kindle. I liked the book but I didn't like how I couldn't get the mod!!!
