Look & Learn: Let's Make Music

Synopsis

Drumroll, please! This next book in this lively board book series introduces young children to a variety of musical instruments by "looking," to grasp the concept, then "learning," to find out more. From shaking a tambourine to strumming a ukulele to beating a drum, early readers are introduced to common musical instruments, the way they are played, and the sounds they make. Using simple, age-appropriate text paired with colorful photos, Look & Learn books introduce children to a subject on one spread and then show it in a real-life context on the next. These books are expert vetted and offer a fun way to interact with your child and to stimulate learning.
