## Customer Reviews

Of all the Naval Evaluation writing books ive used, this is by far the best. The awards section is a bit underwhelming, hence why I gave it 4 stars, but the evaluations section is on the spot, with a lot of good phrases and words listed to play off of as well as strong advice on placement and utilization for

the best evaluation impact. By majority the EPs I submit for we get and usually rank them high on the boards.

Use it annually for not only my own evals, but my junior sailors as well. Great rate break downs in the electronic version that are easily navigated with a simply CTRL+F!

Every leader should own this, makes writing and phrasing what you really want to say that much easier.

Arrived on time and as expected

This book was very useful to a certain degree. It has basic layouts of certain types of letters or instructions, however it doesn't have them all. I felt as though it was a little anemic in key areas and probably should be updated.

Great samples. Will definitely use this book for my evals.

Still got a P.

This is a great writing companion to have when writing evals and awards. Help when you get stumped on something.
