Beautifully Said: Quotes By Remarkable Women And Girls, Designed To Make You Think

Synopsis

Looking for just the right words to inspire your daughter, sister, mother, teammate or friend? *Beautifully Said* is a personal inspiration gallery filled with 110 quotes...and, the stories behind the wise words. Within the 21 themed chapters are women and girls who believe, build, discover, explore, heal, invent, laugh and lead. It's a collection that's designed to be shared. So passions get sparked and role models emerge. *Quotabelle's* first book is a serendipitous result of the startup's Indiegogo crowdfunding campaign. This female-powered company creates products that add missing voices back into history and ensure today's thinkers and doers aren't overlooked going forward. You'll love discovering quotes by unforgettable women from bygone eras including Eleanor Roosevelt, Ella Fitzgerald, Harriet Tubman and Audrey Hepburn as well as contemporary sheroes like Serena Williams, Amy Poehler and Malala Yousafzai. Among the noteworthy up-and-comers...an Everest-scaling mountaineer, a space archaeologist and a serial entrepreneur.

Quotabelle creates smart, distinctive products designed to introduce female role models to the

world...from family rooms to classrooms, offices to boardrooms, studios to sports fields, in print and online. The company is solving a quote supply problem uncovered through research - that less than 15% of the millions of quotes shared every day are by women and girls. Most are unsourced; many are misattributed. The words of entrepreneurs, educators, scientists, inventors, adventurers, artists and athletes are often missing. The Quotabelle team is reimagining how ideas are discovered and shared. They're building the most modern collection of sourced quotes by women and girls. And, ensuring that every quote leads to a true story to inspire today's dreamers and doers.

Pauline Weger is an author and social entrepreneur who scouts creative ways to share great ideas & stories. She grew up in a small coastal town north of Boston and now lives with her husband in Northern Virginia. Mom to two daughters, she stepped away from the corporate world to spend her days discovering hidden stories and sharing them.

Alicia Williamson, PhD is an author, editor and wayfaring academic who loves to use her keyboard for good. She has researched and taught Literature, Writing, and Women's Studies. Her work within and beyond the university is dedicated to amplifying underrepresented voices and stories. Originally from the lake country of northern Minnesota, Alicia currently resides in the UK with her husband and their baby daughter.

What a beautiful book! I am so inspired by the accomplished women, both past and present, whose quotes fill these pages. But it's not just the quotes, the stories that accompany their quotes are truly incredible! The book itself is gorgeous, the perfect addition to anyone's shelf, or better yet, coffee table where it's always within reach. This is the perfect gift for any woman: mom, graduate, friend, sister. Please make more!

A beautiful and inspiring book! As a business leader and active community volunteer, I'm always looking for inspiration for my teams, my writing and myself (it's true!). This book is a wonderful collection of not just quotes, but stories that I can tell I will turn to time and time again.

A nice gift for a friend of mine ! I haven't heard anything from her although she's not much on talking a lot !

I was overwhelmed at how beautiful and inspiring this book is. Professionally done with outstanding quality. I bought one for myself and three as gifts.

Great book!! It is well-researched, interesting, and a great resource for people who do any writing or

public speaking. This is exactly the book we need as more women run for office and will be doing more public speaking. Thanks to the authors for making this available to us; I purchased five copies so I can make them available to my friends and family.

Lovely book. Makes an awesome gift.

If you are a member of my family or circle of friends, stop reading this now unless you want to know what you're getting for Christmas or birthdays. *Beautifully Said* is written by the authors of Quotabelle, a website that's known for its well-researched quotes by women and girls. Now they've stepped out with a book that's both smart and special. This isn't just a book of quotes. Authors, Pauline Weger and Alicia Williamson also provide backstory on each woman and girl. The writing style is pristine, contemporary and approachable. *Beautifully Said* is a distinctive size; 7x7 inches and hefty with nearly 300 pages. It's never dull, with color throughout, lighthearted design touches and classy typography. My copy of *Beautifully Said* arrived this week and I cannot stop picking it up to read a few pages or entire chapters. This is a book to keep, to give and read over and over again.

Let me start by saying THIS IS THE GIFT OF THE YEAR! hopefully my peeps aren't reading this review because they are all receiving a copy from me. Young women, young girls, all ages - this book has inspiration and thought provoking subject on every page. It compiles and sources quotes from women. It includes women from a variety of different backgrounds, both historical figures and those still alive. I am so excited to share 'Beautifully Said'. I got my pre-orders this week!! Makes for a wonderful book to pick up for great moments of inspiration. Can't wait to gift this to my 15 yr old granddaughter and many other very special and ever so strong women in my life! P.S. Kudos to your art and design team for coordinating with my breezeway decor. LOL
