VSim For Nursing | Maternity And Pediatric

Synopsis

No fancy case holding the code. The code was sent to our school and we had to pick them up at our professor's office. I have checked with the company to make sure code was still valid.

I love this.

Package arrived on time but when I went to register the access code, the code had been already activated and had to purchase another access code through the publisher. The return process was quick and easy.

Great price
