Overshot Is Hot!: The Best Of Weaver's (Best Of Weaver's Series)

Synopsis

With more than 30 of the best overshoot projects compiled from 20 years of Weaver's magazine and Prairie Wool Companion, this weaver's reference combines step-by-step instructions with weaving theory. Such projects as heirloom linens, traditional coverlets, and colorful modern applications for scarves, table toppers, and wall hangings are presented, covering everything a crafter needs to know to design fabulous fabrics in overshoot and its cousin star-and-diamond weave. Both beginners and advanced weavers working on at least four-shaft looms will delight in the projects provided.

Book Information

Series: Best of Weaver's series

Paperback: 108 pages

Publisher: Xrx Books (August 1, 2008)

Language: English

ISBN-10: 1933064110

ISBN-13: 978-1933064116

Product Dimensions: 9 x 0.4 x 11 inches

Shipping Weight: 15.2 ounces (View shipping rates and policies)

Best Sellers Rank: #500,925 in Books (See Top 100 in Books) #184 in Books > Crafts, Hobbies & Home > Crafts & Hobbies > Needlecrafts & Textile Crafts > Weaving

Customer Reviews

Madelyn van der Hoogt is the former editor of Weaver's magazine and the editor of Handwoven magazine and the Best of Weaver's series. She lives in Coupeville, Washington. Alexis Xenakis is the publisher of Knitter's Magazine. He lives in Sioux Falls, South Dakota.

Very informative. This book many Weaver's projects and a great description of how to design and execute an overshoot weaving project.

Madelyn's done it again! I love overshoot any how, it's just plain fun, and this book is jammed with drafts that inspire!! As with any "weaver's" collection, though, all the patterns are just a rehash of patterns used in their magazines, but unless you've been collecting them all since the 80's it's probably new to you. Any book from the "weaver's" collection is a must have!!

A lot of good ideas best for a 8 or more shaft loom , not a lot of patterns for 4 shaft loom

This book shows that weaving in overshot is no longer passe - it's HOT! Very cool designs and manageable projects make this book an excellent choice for weavers who are curious about the technique but have always thought it was just for "old school" craftspeople. Give it a "shot"!!

If you enjoy weaving, get this book! I have used it as a "cook-book" for book marks, and people just love them. I did have to correct an error in the drawdown but that was very easy if you followed the pattern. Somehow they just skipped a couple of pics. Put them in and the pattern is marvelous. Get the book, READ the book, it will inspire you to warp your loom and try some fancy weave structures. I LOVE it and I'm only a beginner (weaving for about 3 years only).

I was expecting more patterns with detailed instructions

Even if you never weave any of the patterns this is a very useful book for both novice and experienced weavers. Clearly written, excellent illustrations. A fine addition to any weaver's library.

Beautiful book
