# Deanna Templeton: The Swimming Pool

## Synopsis

The Swimming Pool is a new photographic essay from California-based street photographer Deanna Templeton (born 1969) that departs from her usual style to offer an expressive, intimate view of the human form underwater. The series was born after an impromptu nude swimming-pool shoot of husband and artist Ed Templeton, which spurred an eight-year journey in the study of light, expression and the enigma of water. Shooting entirely on color and black-and-white film and Polaroid, Templeton sent friends into the pool to be photographed in their truest form. Unlike her street photography, in which subjects were often strangers, Templeton found that creating these portraits required more intimacy and connection—a feeling that is apparent throughout every image in the series, which show strong, liberated individuals, confident and at ease in their most beautiful and vulnerable moments. As Ed Templeton writes in his afterword to this volume, "the nude swimmer is floating in a void of quiet solitude, the gentle pressure of being underwater enclosing her form like a baby in a womb and nothing exists outside of this world. A lone figure amidst a sea of blues and greys and frenetic sunlight performing a solitary dance for the photographer above, choosing movements and directions, twisting and swooping, contorting and expelling breaths painting a picture of form and light together." The Swimming Pool offers a deep and inspiring view of the human form.

a 'quiet meditation similar to the act of swimming' and being alone underwater. (Johnson J

Christopher Photo-Eye Blog) Like bugs in amber, the swimmers' bodies are caught in languid momentary poses indefinitely. But far from being static, they seem to drift freely through an endless summer. (Alice Newell-Hanson i-D) not only a testament to the power of restraint, but to the beauty of human form and space. (Juxtapoz Magazine) ^The Swimming Pool^™ delivers a proud and absolute stripped vision of the human body, presented through wondrous shapes and romantic hues, without limits. (Badlands Magazine)...in her work is compassion and empathy, and a deep connection with humanity that can be painful at times. (Ashley Macomber Bliss Magazine)
