## Customer Reviews

What a powerful read. From the start, you are emotionally tied to Justin. You feel every bit of his pain, fear, and isolation. Plus the strength it takes him to carry on. I can't recall reading a character I wanted to comfort more. Never has a book hit me that hard that fast. With barely a glimpse of any other person. Each chapter is told from one of the characters point of view. This gives you better insight into who they are by letting you get up close and personal with the emotional upheaval they're going through. To the point where it's almost as though you're the one experiencing it. As you read, David, Charlie, and Simon are revealed to you. How they will help Justin on his journey. They are such strong, caring men that have had their own pain and loss to overcome. The bond between David and Simon from going through the same tragedy. Plus, David and Charlie's relationship and how David helped him out of an abusive situation. Even Molly, the previous dog that Simon cares for will play a part in Justin's healing. You will also see more of the trauma that sweet Justin had to endure. The anger and despair will be deeply felt. There will also be moments so heartwarming you could cry tears of relief and joy. Meeting Aaron after knowing how he taught David and helped Charlie, lets you know Justin will be in good hands. By the time you reach the end, these guys are so much more than mere characters in a book. They are your friends and maybe even family. I look forward to meeting more people from their life and whatever stories may unfold. There are few things more enjoyable than finding an author who can bring their characters to life. A M Raulerson is one such author. I was hooked from the start. I can only imagine what will be accomplished next. I would love to check in on these guys as well. This is one author I'll be eagerly awaiting the next book from and can see this being the case after every one. Because this has the potential to be one of those series you come back to read over and over again. [Optimummblog.wordpress](http://Optimummblog.wordpress)

Trust by A M Raulerson is an excellent book. The characters are wonderfully detailed and fleshed out, and the author has a wonderful way of drawing you into each character and making you feel what they are feeling and how they are reacting. I loved the storyline and how the book flows. It is told in 1st person point of view with varying points of view, but the author has done a great job of letting you know which character is talking. Here is a breakdown of your main characters. Justin has had a rough life so far and finds himself living on the streets at the age of 18 after having been abandoned by his adopted parents when they finally managed to have a child of their own. He is

underfed and out of money and has no papers to be able to get a real job and with winter coming there is an excellent chance of freezing to death. So when he is approached by David to come and live with him and Charlie, it is just the sign he has been looking for. Now all he has to do is learn how to trust that they are good people and that they aren't out to hurt him. David is in the Navy and is deployed at six-month intervals; he is in a relationship with Charlie. David is a Dom only. Charlie used to be in the Navy and now owns a restaurant with David and is the cook. Charlie is a switch, who likes to both be a Dom and a sub. Charlie and David have an open relationship so that Charlie can fulfill his Dom needs also since David does not sub. They are hoping that Justin will be the perfect person to complete their relationship because Justin looks like he might be a natural sub. They have a servant, Simone, who takes care of the house and is a friend to them both. He is also a Dom. Simon is dedicated to helping those that have been emotionally and physically hurt and abused. So there are always animals around the house that are being rehabilitated. Aaron is also a Dom and a psychologist who has helped all three of the main characters work out their issues and will be helping out Justin with his issues. The book is not all sunshine and roses; the characters are damaged and flawed but they are loveable, and they will do anything for each other, and you can feel how protective they are to each other. Trust is a BDSM book and does have scenes of Dominance and submission and does have a scene from Justin's past when he was a child sex slave the scene itself is not overly graphic, but you do get an idea of what Justin's childhood was like growing up. Trust is going to be a series and as such the book does end leaving you wanting more of David, Charlie, and Justin. I would call it a happy for now ending, and I can't wait for the next book to come out. I definitely recommend reading this book so that you too can fall in love with the characters. I voluntarily reviewed an Advanced Reader Copy of this book and loved it enough to buy it also.

Debut release well done Well that was an amazing good read. From the very first page I was totally addicted. Justin a young fragile boy at the age of 18 years is the guess, abused and thrown on the streets by his foster parents. His life is devastating, heartbreaking and unbelievable painful. Living on the streets and never ever felt the love and loving touch of a human being. It's almost unbearable. What really happened to him you have to read yourself.....but believe me.....it's unbelievable. David....strong and loving David...my God he had me by his first appearance. I would kneel for him with no withdraw at all. His hands...And he is looking for Justin he has plans with and for him. David has to win Justin's trust. Bit by bit. David the Dom wants Justin so bad as a family member. Simon the big guy with the 'ruined smile'. He is the gentle giant. The savor of horses, men

and animals. Their house is one big foster house for animals. And then there is ...Charlie..loving Charlie They all try to comfort Justin and pulls him out of his head. David has the upper hand in it as the Master. From different pov's this journey is told. And that's amazingly done. Convincing and considered. I loved all the characters. They all have their own background. Their pain and their baggage. They made me cry and made my heart squeeze so it did hurt. It had different aspects in it....love, hurt, comfort, dark, D/s , different environments. Very well developed. No overdramatized scenes, they are all raw. It had a steady pass with one goal, helping Justin. The scenes were hot as hell. It's devastating and heartbreaking it hurts as hell but ohhhh thank you Lord there is light.....Because.....this all happens under an umbrella of love.
