# Blindsided (Mitch Kearns Combat Tracker Series Book 4)

## Synopsis

Eleven years ago, three Mossad operatives embarked upon a rescue mission in Africa that would have a ripple effect on their lives and the futures of their loved ones. Now, years later, Dev, Mitch, and their Gideon team are framed for a killing by an unknown assailant whose grasp extends beyond international borders. With Gideon being shuttered because of criminal charges on the anniversary of the founder's death, Dev must battle against overwhelming forces to uncover who is responsible for trying to dismantle her company and alter the elections in the Israeli Parliament. With only days until a critical vote that could reshape national politics for generations, Dev and Mitch must elude their pursuers and track down the clues that her father had kept hidden in a mysterious safehouse. *Blindsided* is the explosive new thriller by JT Sawyer that picks up four months after volume three.

Very good read

This is a good, solid thriller. Fast-paced. Characters move between locations in logical manner. Once you start the book, you'll want to keep reading until you finish it.

Wow, from beginning to end, full Sprint! Be prepared this is a jaunt across many cities as the team tries to clear their names.

This entire series is well worth the read. I will buy this series without reviews. Totally great adventure.
