Customer Reviews

This guide is accurate, attractive, useful, fascinating, and a total work of art. Then again, I'm a Geographer & Geoscientist by trade, and a total "map geek" to say the least. Nevertheless, I give this street finder my seal of approval, and I wholeheartedly recommend this particular product to anyone that is interested in cartography and/or Milwaukee; as well as anyone that may frequently navigate the streets of my supreme, beloved city for work, leisure, or otherwise. I have not found any glaring errors during my mesmerized examination, and there is a multitude of information packed into each page. I suppose the only thing detracting from the value of this item is that it's already been 2 years since the listed publication date, however I find this point to me negligible, and this publication will remain one of my favorite 'books' ever!
