Meditations For Peace Of Mind (Prescriptions For Living)

Synopsis

On this CD, Dr. Bernie Seigel guides you through two individual and empowering meditations, each a combination of guided imagery and auto-hypnosis. These inspiring inner journeys are designed to assist you in dealing with negative thoughts, past hurts, stress, grief, and other conditions that can contribute to your lack of well-being. Bernie's calm, resonant voice gently helps you experience your own unique qualities, as well as your inner and outer beauty.

It is important that you create healing intervals within your day to receive the maximum benefit from this tape. Through repeated listenings, you will discover that old, outmoded thought patterns will dissipate and be replaced by new thought patterns that will elicit a healthier response from your physical and mental being.

Bernie S. Siegel, M.D., attended Colgate University and Cornell University Medical College. His surgical training took place at Yale New Haven Hospital and the Children's Hospital of Pittsburgh. He is the bestselling author of many books including Love, Medicine & Miracles, ISBN: 0060919833; Peace, Love & Healing and Prescriptions for Living, ISBN: 0060917059; and the audio Healing Meditations, ISBN: 1-56170-771-6. Bernie is the president of the American Holistic Medical Association.

I made a mistake on my first review and pushed 1 star instead of 5 so I am entering the information again."I love Bernie Siegel and all of his CD's and Books, he is the best when it comes to motivation and meditations information. I'm being treated for a difficult Lymphoma Cancer that hit two months ago. I have made listening to Bernie a part of my treatment plan every day. His words are from his heart and he knows how to motivate and lift the human spirit especially when life struggles hit."

I have a huge respect for Dr.Siegel and was very pleased with this meditation cd.. His voice is very soothing, the music is very tranquil and if you let your mind follow his voice, you'll have a wonderfully relaxing, peaceful and inspirational meditative journey. Great to use before you fall asleep, while you fall asleep,upon awakening or during the day when you need a stress free break. I have a large collection of meditation cd's, and this by far, has become one of my all time favorites.

Well, the Meditation is not bad at all, but what i did not like, is that every time you start the CD, he talks about why he made this CD and how to use it. I really dont need to hear it every time i want to meditate. So, thats annoying. I honestly prefer Louise Hay's Meditation, because she gets right into it when you put CD on. I will give this meditation another chance, just because everyone here seems to like it.

I love what Bernise has to say, but the high pitched piano music in the background kept getting on my nerves.That defeated the whole purpose of a relaxation meditation for me.

Easy transaction. Meditations are great to listen to.

Content good. voice level/tone quality poor. Probably has been dubbed from cassette.

Great gift for yourself to help you relax or for a family member who is chronically ill or medical issues.

Ordered because this is an old favorite of mine from the 90s. it's as good as ever, with Bernie's quiet, gentle voice, and music that carries the meditation along.But the sound quality seems like it was taken right off an old tape.
