The Women's Health Big Book Of Abs: Sculpt A Lean, Sexy Stomach And Your Hottest Body Ever--in Four Weeks

Synopsis

The essential diet and fitness guide to lean, sexy abs-including a results-driven 4-week program to lose weight, strengthen your core, and tone your entire body. Call it a spare tire, muffin top, or paunch. Men and women consistently cite their belly as their biggest problem area-and it is often the toughest final pounds to lose. Not anymore! Whether readers' eating habits have been affected by stress, their bodies have changed with age, or they're constantly doing crunches without results, it's time to blast belly fat the right way. Using the comprehensive, week-by-week eating and exercise plan, readers can lose up to 20 pounds in 4 weeks-and keep it off, forever. The Women's Health Big Book of Abs special features include:- A delicious, easy-to-follow diet that includes satisfying carbs! - A special section on the best pre- and post-pregnancy workouts- Hundreds of tips on how to reveal a lean, flat belly and bikini-worthy body! Including a step-by-step, 4-week eating and exercise plan, easy-to-prepare recipes, and hundreds of exercises, The Men's Health Big Book of Abs and The Women's Health Big Book of Abs by Adam Bornstein and the Editors of Women's Health is the ultimate guide to a leaner, fitter, sexier body-starting with your core.

ADAM BORNSTEIN is the editorial director of Livestrong.com, and former fitness editor at Men's Health. He co-authored the bestselling The IMPACT! Body Plan, The Men's Health Diet, and has been featured on Good Morning America, The Early Show, and E!'s The Daily 10. He lives in Los Angeles.

I love this book, because there are so many abs exercises that you can do you can never find yourself getting bored doing the same exercises over and over. They have workouts for all women from pregnant to new comers and those that may travel a lot. This book has workouts for all

This book offers some great tips and tricks for getting in shape. While the exercises may not necessarily have the desired level of intensity for everyone, the dietary tips are fantastic. The book also takes into consideration those of us who can't eat dairy and other dietary restrictions. If you're looking for something to aid you in your fitness goals I would recommend,

Love this book, lots of great exercises, fast service.

Great book...very good value for money!The sets & sequences were well explained...easy to follow.However, many of the sets required props which is not easily available in the house.Overall, a good purchase!

This book has a great plan and extra little bonus plans! Love it.

I love this book highly recommend it. this is a great tool to help you achieve your fitness goals and keep you going on to achieve new ones. the smoothie recipes are delicious

It is a good book to use and has a nice style to it. Just compare the other books in this series, you don't need them all. We bought this one and the Complete Work Out book. Big format paperback.

I appreciated the science and facts in the book..and how straightforward and clear everything was.The exercises are laid out well and links are posted to each. There are so many exercises in the book that you will definitely get excited about exercising!
