Money And Tough Love: On Tour With The IMF (Writers In Residence)

Synopsis

In *Money and Tough Love* Liaquat Ahamed offers brilliant insight into the heart of one of the world's most influential institutions. At turns factual and informative, and others emotive and anecdotal, Ahamed joins in on the IMF's world missions to Washington, Tokyo, and Dublin in true James Bond meets *The Financial Times* style. Pulitzer prize-winning author and pre-eminent financial thinker, Ahamed reveals the human stories behind the headlines, ranging from chatting about the state of the economy to Irish cab drivers, to Dior with none other than the IMF's Christine Lagarde.

Customer Reviews

"With the same urbane charm that he displayed in his tour de force on twentieth century central bankers, *Lords of Finance*, Liaquat Ahamed now takes us on a witty, insightful journey into the heart — and the soul — of the 21st century's most improbable financial institution, the International Monetary Fund." Roger Lowenstein, author of *When Genius Failed*

Liaquat Ahamed is the author of the Pulitzer prize-winning best seller *Lords of Finance: The Bankers Who Broke the World*, which exposed the personal stories of the bankers at the heart of the 1929 Wall Street Crash. He is on the board of trustees of the prominent US think tanks Brookings Institution and the New America Foundation. He has been a professional investment

manager for 25 years. Eli Reed is an award-winning Magnum photographer and documentary maker, best known for his work in documenting everyday life in war-torn Beirut and US military action in Panama, as well as long-term work with black communities in the US.

This is written from the IMF perspective, by someone who watches it, but hasn't watched inside the actual meetings. Interesting, but it is still not from an actual insider. However, we understand the organization is secretive, so perhaps this is the best information that will ever be available.

...nothing to see here folks. Lots of frosting but no cake. As I moved through the book it I couldn't help but feel I was simply wasting my time. I know that's harsh but it's my truth.

A high-level overview of how the IMF operates, from someone who was on the inside. Interesting reading but not an "expose" by any means.

All pictures and nop substance

For anyone who wants to find out what the IMF does.

Interesting though empty

very interesting!!!!!!!!!!!!

very good
