Leslie Patricelli is the creator of a series of best-selling board books starring her inimitable bald baby. She is also the author-illustrator of Higher! Higher! and Be Quiet, Mike! as well as two stories about the Patterson Puppies. She lives in Ketchum, Idaho.

I love this book, as do the toddlers I share it with. Her graphics are so simple, but expressive. If you ham it up as you read aloud, or use your own words, the kids love it! I've now bought several of her books.

I absolutely LOVE Leslie Patricelli's books! I received "Baby Happy Baby Sad" (my all time favorite) for my baby shower, and it has been my son's favorite book since he was just a few months old. He loves the pictures of the baby. I wanted to find more books in the series and was so happy to find them on . Tickle is super cute and so are all Patricelli's other books. Would definitely recommend!

My son looooooves this book. Our whole family has it memorized. :)

My 18 month old daughter LOVES this book! I first got it at the library and she loved it so much, I just bought it for her. She reads it every day. I like that the story is something you can DO with your child while you read. The pictures are bright and full of emotion. It arrived in beautiful condition! TOP NOTCH BOOK!

I love this book!! I just got it today and my 17 month son loves it!! I love how the book has simple sentences to read. And I love the illustrations in the book. This book is very nice. I just want to get more of Leslie's book. I absolutely love this book!

My 2 year old loves every one of these books. He has loved them since he was a baby. They are all so cute. There is a Birthday ,Christmas, potty, Halloween, Tickle, and etc. The best thing about them is they are gender neutral. You don't know if the baby is a boy or girl. Our favorite is probably "Toot". Try them all!

Adorable books and simple to read to my 8 month year old. The colors and simple text keep my baby's attention and he likes to look at the baby. I recommend to parents with babies under 1, though you can definitely use this book longer as you point out things happening in the book.

This is my 13 month old grandson's favorite book! I love the Leslie Patricelli books for their adorable illustrations, but most of the words put me off. This one, however, is delightful. Everyone in my family is very ticklish and I could totally relate to the book, including my adorable 13 month old

grandson!
