So much information about the Impressionists and the Museums where one can see there works in Paris.

In depth book provides insight into all the impressionists . Information specific to museums.

Proposed walking tours of Paris to view homes, workshops.

My trip to Paris has been postponed. However, a review of the work was informational and stimulating. I am looking forward to using it as a guide to site location and the challenge of utilizing photography to emulate those artists.

Got it for a friend. It's a wonderful book! I highly recommend it because the photos and information are wonderful and it's nice because it's separated by time periods of the Impressionist painters.

the book is 5 1/4 x 8".....has 318 pages.....a very informative book.

I wish I had read this book before I visited Paris a few years ago. This is a gorgeously illustrated book. And it is packed full of fascinating information. It is divided into several sections: What is impressionism? Impressionists How the impressionists broke from the salon. Impressionist Exhibitions Museum Tours / 150 Paintings Paris Walking Tours North of Paris and Normandy The Impressionist that are covered in this book are: Manet, Monet, Renoir, Cezanne, Degas, Morisot, Caillebotte and van Gogh. There is a biography of each impressionist artist and illustrations of their greatest works. The major museums of Paris are explored including which impressionist works of art are featured there. For example, The Louvre houses pieces by Renoir, Degas and Monet. There is a wonderful section on Paris Walking Tours. I really enjoyed the walking tour named Islands, as I have walked that area extensively. Next time I will be sure to have this book with me as it would have provided much more insight. Both Renoir and Monet painted the Pont Neuf. I highly recommend this book for art lovers and travelers to Paris alike.
