Essential Dutch Grammar (Dover Language Guides Essential Grammar)

Synopsis

This is the first Dutch grammar specifically designed for the adult with limited learning time whose objective is broader, more fluent everyday communication. Avoiding archaic, highly literary and seldom-used forms, this grammar helps those with some knowledge of Dutch use phrases and vocabulary more effectively. For the beginner, it provides all the grammar really needed for speech and comprehension. Based on the premise that systematic study of grammar is a shortcut to language learning, Essential Dutch Grammar helps you acquire fluency by emphasizing the strong similarities between English and Dutch, and by concentrating on essentials: spelling, word order, articles and nouns, adjectives, adverbs, pronouns, verbs, conjunctions and prepositions--all illustrated by easy-to-understand examples. While explaining how to avoid complicated sentence constructions, tell time and use idioms, the book provides dozens of useful expressions, four detailed appendices on verbs, and a handy glossary of grammatical terms. Whether you're just beginning the study of Dutch or need a handy refresher course, Essential Dutch Grammar offers a modern, streamlined approach that will enable you to master Dutch in the shortest possible time.

Book Information

Series: Dover Language Guides Essential Grammar

Paperback: 128 pages

Publisher: Dover Publications; First Edition edition (October 1, 1984)

Language: English

ISBN-10: 0486246752

ISBN-13: 978-0486246758

Product Dimensions: 0.5 x 5.5 x 8 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Customer Reviews

Okay but not the best book to help with clarification and flow of learning

I took one semester of Dutch at the college level and I thought I had hardly gotten anywhere, but I

learned more than is in this book. This book is lacking on details where it wouldn't take too long to provide them. For example, the book mentions there are several diminutive endings for Dutch nouns and provides a few examples. But it doesn't bother to explain when to use the different types of endings, which is important to know and would not take long to explain. Thus, it is useless to know in the first place that there are different endings if you don't know when to use each one. This book does not explain the essentials as it claims. If you know hardly anything, it's a nice un-intimidating starting point, but if you are looking for something more detailed or technical, get *Dutch: A Comprehensive Grammar (Comprehensive Grammars)*. I wish I hadn't spent the \$7 I did on this book and had gotten Donaldson's in the first place.

Very useful, I'm glad I got it.

I have been teaching myself Dutch in order to correspond and communicate with friends. I refer to this book almost every day. It is concise, well-organized, and helpful. It is definitely a reference, not a practice tool, and as such it is not the ONLY resource you need, but as a reference I have absolutely no complaints. I would have liked just a few more examples with idiomatic constructions, but all in all, extremely helpful.

Very well written. It had all the important grammar items and nothing more, so there wasn't redundant stuff at all.

Good book, not really for a beginner in my view, helps to know some German. Overall worth the purchase. Prima!

This is a very good resource for learning Dutch. It is easy to maneuver with practical instruction in clear English.

A book for those who know something about linguistics. It is not primarily for the on-the-airplane language learner. It's what I wanted.
