• Do it anywhere—no knitting needles required
• Make a beautiful, stylish infinity scarf in less than an hour

Ok, this is a cool technique. I did have a hard time following the instructions in the book, I need more pics. However, Mary Beth has a youtube channel that shows you all the steps, and that is what I used instead of the instruction section. I have made the simple scarf (on the cover) and next on my list is the wrap. I ordered the kindle version of this book.

I just started arm and finger knitting and this book has some great projects that are great for a beginner like me. Easy to follow instructions and easy to understand. I cannot wait to try some of the projects!!!

Not what I thought. Didn't help any.

Instructions were clear and easy. Capelet, Cape, Wrap, , and Shawl did not come in sizes and they are open wear items so I do not know if they will fit me.

My 13 year old is enjoying this and arm knitting away.

love this book, so easy to follow

Bought as a gift. Receiver said they were good.

Still confused on how to make
