Phoenix Then And Now (Then & Now)

Synopsis

From the moment it became Arizona's capital in 1912, Phoenix has enjoyed steady population growth and commercial expansion. Historic photographs, placed side-by-side with contemporary views of the same locations reveal a vibrant city, benefiting from wave upon wave of Easterners seeking sunshine in a culturally rich urban setting. Featured landmarks include the Heard Building, the San Carlos Hotel, the Monahan Building, and the Orpheum Theatre. With insider text from local authors, Phoenix Then and Now offers a lively journey through this vibrant city.

Paul Scharbach is a Phoenix native and a professional photographer with over 25 years' experience, specializing in the production of stock images. John H. Akers is a Phoenix native and the curator of history at the Tempe Historical Museum. --This text refers to an alternate Hardcover edition.

Born and raised in Phoenix and still amazed at the changes; have shown the book to many family members and friends. The cover enabled me to see where my parents had a business on 7th street and the area where we lived during the 50's at 17th street and Roma.

Great shoots

I've been searching for this and it will be a part of a collection for my husband.

good

Paul Scharbach (photographer) and John Akers (curator of history at the Tempe Historical Museum) have put together a remarkable collection of photographs of Phoenix "then" (late 19th, early 20th century) and "now" (the photos appear to all be 2004 or 2005). The "now" photographs are usually from approximately the same direction. The bulk of the collection is of downtown Phoenix, including key historical buildings and landmarks--the County Courthouse, state capital building, Carnegie Library, Luhr's building, Orpheum Theatre, Rosson House, Monroe School, etc. The book continues with Phoenix farther north (Central Avenue Dairy/Park Central Mall, Brophy College Preparatory, the Phoenix Indian School, Wrigley Mansion, Arizona Biltmore), goes (named for Gen. Winfield Scott, an early resident), and downtown Mesa. The book was quite a pleasure to read and look at, filled with great photos and interesting little tidbits, such as Glendale's founding as a temperance colony, the wide influence of Dwight B. Heard, and the longevity of some local businesses (such as Sine Hardware in Glendale). One minor error: the book attributes the 1992 purchase and current ownership of Wrigley Mansion to George A. Hormel (died 1946) rather than his descendant Geordie Hormel (a professional musician who has also funded UFO investigation).

If you live in Phoenix, AZ, or know somebody that does, this is a great book. It shows Downtown locations of what they looked like in the 20's, vs. what they look like now.
