Customer Reviews

I liked the idea of one boy loosing his tooth while his baby brother is cutting his first tooth so I wrote this story about first teeth.

Natasha Wing lives in Fort Collins, Colorado and has all her teeth.

Got this for my 5 year old grandson. He had a wiggly tooth and thought I would get this for him along with the "hedgehog tooth fairy pillow" as a gift. He just loved this book and the pillow. Great combo. Book had a great storyline with very good illustration.

I purchased a few of these to go along with a birthday gift theme that I gave to several children.

Included for each child was....a Tooth Fairy pillow with a little pocket for the tooth to hang on their bedroom door (name engraved on each one), A Tooth Fairy pillow case (also personalized), a Tooth Fairy doll, and naturally this wonderful Tooth Fairy book. Their mommies can read them the story before they fall asleep that night and see what was left in the pocket where the tooth "used to be". Children love to be read to, and reading this book to them makes the "magic" even more enchanting.

I bought this because of the reviews, but I didn't think this book was all that. We had to buy in a hurry as my daughter claimed a loose tooth and lost it within 8 hours. We used this to explain to her about the tooth fairy, but I wish we'd checked for books at the bookstore instead.

I thought this book was extremely cute and I purchased this because my son was afraid about losing his first tooth. However my son was not interested in the book I read it to him once and that was that.

Overall the book helped to explain the whole "tooth fairy " concept. Luckily it arrived the exact same day my nephew was lost his first tooth. The ONLY con was I did not read the book on my own before reading it to my nephew. Therefore I failed to realize the little boy in the book stays up to see the tooth fairy. Let's just say getting him to sleep was much harder than I thought.

Made a cute pillow to go with the book

This book is adorable! The words are fun for kids and perfect for early readers, and the pictures are vivid and funny!

This was such a cute book. I have a 5 year old son who just lost his first tooth & a baby who is growing his first tooth & this book was about two brothers going through the same thing so it was so perfect for us.
