The Imagined Island: History, Identity, And Utopia In Hispaniola (Latin America In Translation/en Traducci3n/em TraduÅ£Ã£o)

Synopsis

In a landmark study of history, power, and identity in the Caribbean, Pedro L. San Miguel examines the historiography of Hispaniola, the West Indian island shared by Haiti and the Dominican Republic. He argues that the national identities of (and often the tense relations between) citizens of these two nations are the result of imaginary contrasts between the two nations drawn by historians, intellectuals, and writers. Covering five centuries and key intellectual figures from each country, San Miguel bridges literature, history, and ethnography to locate the origins of racial, ethnic, and national identity on the island. He finds that Haiti was often portrayed by Dominicans as "the other--first as a utopian slave society, then as a barbaric state and enemy to the Dominican Republic. Although most of the Dominican population is mulatto and black, Dominican citizens tended to emphasize their Spanish (white) roots, essentially silencing the political voice of the Dominican majority, San Miguel argues. This pioneering work in Caribbean and Latin American historiography, originally published in Puerto Rico in 1997, is now available in English for the first time.

Book Information

Series: Latin America in Translation/en TraducciÃfÂ n/em TraduÃfÂ§ÃfÂ£o

Paperback: 208 pages

Publisher: The University of North Carolina Press; New edition edition (September 19, 2005)

Language: English

ISBN-10: 0807856274

ISBN-13: 978-0807856277

Product Dimensions: 5.1 x 0.5 x 8.4 inches

Customer Reviews

"A necessary and fairly refreshing companion to any study of the history of the Dominican Republic and to broader considerations of the writing of history itself." -- "Hispanic American Historical Review""San Miguel's book has the potential to be adopted in a wide range of graduate and undergraduate courses. "La isla imaginada" would be of great interest to teachers of Caribbean,

Latin American, and diaspora history and culture. It could also be used in methodology, historiography, literary, cultural, and postcolonial studies courses." -- Eileen J. Findlay, American University

This book has begun to change the way in which Dominican and Caribbean historiography is written. San Miguel establishes a relationship between the intellectual production of Haiti and the Dominican Republic that transcends current paradigms based on confrontation, enmity, and excluding identities. San Miguel's paradigm is based on dialogue, on finding common ground, and on a new historical relationship between the two countries. His book is innovative, particularly in its political and ethical grounding and its methodological, theoretical, and conceptual approaches.--Felix V. Matos-Rodriguez, Hunter College
A necessary and fairly refreshing companion to any study of the history of the Dominican Republic and to broader considerations of the writing of history itself.--Hispanic American Historical Review
San Miguel's book has the potential to be adopted in a wide range of graduate and undergraduate courses. La isla imaginada would be of great interest to teachers of Caribbean, Latin American, and 'diaspora' history and culture. It could also be used in methodology, historiography, literary, cultural, and postcolonial studies courses.--Eileen J. Findlay, American University

Useful

a great approach to understanding interesting Dominican history and the people who wrote it. their perspectives and theories are well explained.
